

NETAFIM'S NEW DIGITAL FARMING PLATFORM, NetBeat™

You are invited to come along and discover what Netbeat™ - is all about - the first irrigation system with a brain! Our Digital Farming Product Manager, John Witherspoon will be presenting to you. John, who was part of the development team, will be giving you a first hand introduction to this exciting new technology that will be a game changer for irrigation management.

**PRESENTATION
QUESTION & ANSWER
HANDS ON OPERATION OF THE NEW MCU (MAIN CONTROL UNIT)**
